Your coverage and that of your eligible family members will become effective on the date requested by your employer.

There may be additional TRICARE requirements. Please visit [www.tricare.mil](http://www.tricare.mil) for more information. TRICARE Supplement Insurance is not considered a primary health insurance plan.

### Enrollment Kit

After your enrollment is processed by Selman & Company you will be mailed an enrollment packet that includes:

- Claim Forms
- Information on how to submit claims
- Login instructions to eService website

### Pre-Existing Conditions

There is no pre-existing condition limitation under this TRICARE Supplement Insurance Plan.

### Termination

Your coverage is renewable to age 65 as long as premiums are paid on time; you remain a member of the sponsoring organization; you, your spouse and dependents remain in an eligible status; and the Master Policy and your class of insured persons remain in effect. So even if you or a covered dependent develops a serious health condition in the future, coverage will not terminate, provided these conditions are met. If these conditions are not met, your eligibility for the TRICARE Supplement Plan ends. Coverage for a spouse or dependent child terminates on the premium due date following the date he or she no longer satisfies the requirements to be a spouse or dependent.

### Exclusions and Limitations

The Policy does not cover injury or sickness resulting from war or act of war, whether war is declared or undeclared; intentionally self-inflicted injury; suicide or attempted suicide whether sane or insane (in Colorado and Missouri while sane); routine physical exams, unless required for school enrollment (but not sports physicals) by a Covered Child aged 5 through 11 and immunizations, except that these services are covered when rendered to a Covered Child who is less than 6 years of age; domiciliary or custodial care; eye refractions and routine eye exams except when rendered to a child up to 6 years from the child's birth; eyeglasses and contact lenses; prosthetic devices, except those covered by TRICARE; cosmetic procedures, except those resulting from covered Sickness or Injury; hearing aids; orthopedic footwear; care for the mentally incapacitated or physically handicapped if the care is required because of the mental incapacitation or physical handicap; drugs which do not require a prescription, except insulin; dental care unless such care is covered by TRICARE; and then only to the extent that TRICARE covers such care; any confinement, service, or supply that is not covered under TRICARE; hospital nursery charges for a well newborn, except as specifically provided under TRICARE; any routine newborn care except Well Baby Care, as defined, for a child up to 6 years from his or her birth; TRICARE eligible cost share and deductible amounts in excess of the TRICARE cap; expenses which are paid in full by TRICARE; expenses in excess of the TRICARE Allowed Amount, except as specifically provided; treatment for the prevention or cure of alcoholism or drug addiction except as specifically provided under TRICARE and the Policy; any part of a covered expense which the Covered Person is not legally obligated to pay because of payment by a TRICARE alternative program; any claim under more than one of the TRICARE Supplement Plans or under more than one Inpatient Benefit or more than one Outpatient Benefit of the TRICARE Supplement Plans. If a claim is payable under more than one of the stated Plans or Benefits, payment will only be made under the one that provides the highest coverage.

### What is Covered?

To be a covered expense, the expense must be incurred for the sole purpose of treating a covered person's injury or sickness and must be prescribed by an attending physician (except for routine nursing services). The covered expense must meet such additional requirements as detailed in your Certificate of Insurance.

TRICARE and the TRICARE Supplement are separate plans. However, TRICARE Supplement Insurance may help to maximize your TRICARE benefits and minimize your out-of-pocket expenses. Not all services and expenses are covered by TRICARE and TRICARE Supplement Insurance.

### Dependent Eligibility

Coverage is extended to your unmarried dependent children under age 21 (23 if a full-time student) or under age 26 if enrolled in TRICARE Young Adult (TYA) program. Incapacitated dependents may continue coverage past policy age limits as long as TRICARE continues.

Supplement coverage does not automatically terminate for children until age 26. Selman will continue to carry the dependent coverage unless the Employer and/or Employee requests the termination.

TRICARE eligible employees have the freedom to choose an alternative to employer sponsored health plans.

## Non-Duplication of Coverage Under Employer Health Program

If a claim payable under the Policy is also payable under an Employer Health Program with TRICARE as the secondary payor, we will limit our payment to an amount which, when added to the amounts paid by the Employer Health Program and TRICARE, will not exceed 100% of the TRICARE Covered Expenses.

## Definitions

Confined or Confinement means being an Inpatient in a Hospital (or Skilled Nursing Facility) due to Sickness or Injury. Skilled Nursing Facility means one which: (a) is approved by Medicare or is qualified to receive approval by Medicare if so required; (b) operates pursuant to law; (c) primarily and continuously provides skilled nursing care and related services to persons convalescing from Sickness or Injury on an Inpatient basis for which a charge is made; (d) provides 24-hour-a-day nursing service by or under the supervision of a registered nurse (R.N.); (e) provides adequate procedures for the administration of drugs; (f) maintains daily medical records of each patient; and (g) provides each patient with a planned program of medical care and treatment by or under the supervision of a Physician. Legal Limit means the maximum amount that a nonparticipating provider can legally charge. This amount is up to 115% of the TRICARE Allowed Amount.

## Filing a TRICARE Supplement Claim

The Supplement Plan pays secondary to TRICARE. Therefore, your claims for medical expenses must be submitted to TRICARE for primary processing. After processing your claim, TRICARE will send you an Explanation of Benefits (EOB). To obtain your supplement benefits, a claim should be submitted to Selman & Company either by you or by your medical provider.

Claim submissions **MUST** include the following:

- 1] Claim form (completed and signed)
- 2] Copy of the provider's bill showing the diagnosis, provider's name, address, and Tax ID Number
- 3] Copy of the corresponding TRICARE EOB; write your Identification Number (found on your Supplement ID card) on your TRICARE EOB.
