<b>Organ and Tissue Transplants</b>		
Organ Transplant -Inpatient	applicable cost share based on place and type of service	All Services must be pre-authorized by Kaiser and meet the Virginia mandate guidelines. If the following criteria are met, we cover stem cell rescue and transplants of organs, tissue or bone marrow: You satisfy all medical criteria developed by Medical Group and by the facility providing the transplant; The facility is certified by Medicare; and A Plan Provider provides a written referral for care at the facility. After the referral to a transplant facility, the following applies: Unless otherwise authorized by Medical Group, transplants are covered only in our Service Area. If either Medical Group or the referral facility determines that you do not satisfy its respective criteria for transplant, we will pay only for covered Services you receive before that determination was made. The Health Plan, Plan Hospitals, Medical Group and Plan Providers are not responsible for finding, furnishing or ensuring the availability of a bone marrow or organ donor. We cover reasonable medical and hospital expenses as long as these expenses are directly related to a covered transplant for a donor, or an individual identified by Medical Group as a potential donor, even if not a Member. See the benefit-specific exclusion immediately below for additional information Benefit-Specific Exclusion: 1. Services related to <u>non-human or artificial organs and their implantation.</u>
