Get to know the plan

We're here to help

There can be a lot to sort through when it comes to selecting a health and prescription drug plan and managing your health. We created this guide to help you understand the basics of our Anthem Blue Cross group Medicare plan. From choosing a doctor to learning about our convenient online tools and health programs, the important information is all right here at your fingertips. As you read, you will learn that Original Medicare doesn't cover everything. Group-sponsored coverage from your employer, like Medicare Advantage from Anthem, usually offers more.

If you have questions or need help, call our First Impressions Welcome team and provide this group specific code **CAEGR020**, **1-833-848-8729** (TTY: **711**) Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays.

Prescription drug benefit highlights

Covered medications

- Find commonly prescribed brand-name and specialty drugs that Medicare Part D allows us to cover, plus more drugs beyond what Original Medicare covers called Extra Covered Drugs.
- Choose from a wide range of generic drugs to save even more money — and without sacrificing effectiveness.

Network pharmacies

- Access to a vast network of pharmacies to save money on your prescriptions.
- Most national chains and many local pharmacies are in our network.

Get your medications through mail

Save time by not waiting in line at the pharmacy and enjoy the convenience of having your maintenance medications delivered straight to you. With mail order pharmacies in your network, such as CarelonRx Pharmacy[1], you can receive up to 90 days of supplies and maybe even save money than filling your prescription at a regular pharmacy. You can explore home delivery for your prescriptions and set it up anytime through your online account or on the **Sydney® Health** app. [2, 3]

Generics have the same active ingredients and effects as brand-name drugs, generally without the higher cost share.

1 CarelonRx Pharmacy is a separate company that provides mail order pharmacy services in your health plan's pharmacy network. You can choose any pharmacy in our network.

2 Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.

3 Online tools are offered to Anthem plan members as extra services. They are not part of the contract and can change or stop.

Access to care

Discover a wide network of Medicare providers who deliver high-quality care.

Choosing your doctor

You will first select a PCP from your group plan's network. Your PCP can be a family practitioner, general practitioner, or internal medicine doctor. Keep in mind:

- You will coordinate most of your care through your PCP, but you may need a referral from them to see a specialist. In most cases, covered services need to come from doctors and other care providers in your plan's network.
- If you decide to go outside the plan's network for care, your plan won't cover those costs unless it's for urgent care, a medical emergency, or for out-of-area dialysis.
- If you receive routine care from care providers not in your plan's network, neither Medicare nor the plan will pay for the costs.

Independent medical groups

Some doctors in your plan are part of an independent practice association (IPA) or medical group. That means you can only see a PCP and specialists within that IPA or medical group. If your doctor is part of this arrangement, be sure to check first with your doctor about using other doctors or facilities that are not part of the same IPA or medical group.

Specialist care

If you need specialized care, your PCP or medical group may refer you to other doctors who are also in plan's network. In most cases, covered services need to come from doctors and facilities in your plan's network.

Referrals

When services require a referral from your PCP, referrals are for one or two visits. PCPs can make referrals that last for a longer duration (called "standing referrals") to doctors in your plan's network if you need cancer pain management or have special conditions (life-threatening, degenerative, or disabling conditions that need ongoing, specialized treatment).

How to find care

Once you enroll, you'll be able to use our helpful Find Care tool to select your PCP and search for other care providers in your plan's network.

Are you ready to enroll?

Questions?

Call our First Impressions Welcome team for answers or plan details at **1-833-848-8729** (TTY: **711**), Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays and provide this group specific code **CAEGR020**.

Perks and programs

This plan includes useful tools and programs to support your health and well-being — at no additional cost. Once you enroll, you'll have access and can begin using these valuable benefits.

Manage your health with our online tools and programs

Sydney Health app[1]

The Sydney® Health app offers you ways to stay healthy and manage your health plan, all from the palm of your hand.[2]

After you receive your ID card, you can download the app from the App Store® or Google Play™. Then use the information on the card to set up your account. It only takes a few minutes to register.

Use the app to:

- See a live doctor via a virtual visit.
- Access plan and health resources.
- Check the status of claims.
- Use home delivery for prescription drugs.

MyHealth Advantage[6]

MyHealth Advantage sends you mailed reminders about ways to protect your health. You'll also have access to health specialists who can answer your questions.

LiveHealth Online[3]

Visit with a doctor, therapist, or psychiatrist through live video on your phone, tablet, or computer with a camera. It's a great way to:

- Access a healthcare professional in the comfort of your home, 24/7.
- Find help with common conditions like the flu, colds, sinus infections, pink eye, and skin rashes — and even have prescriptions sent to the pharmacy if needed.[4]
- Set up a 45-minute counseling session with a licensed therapist to find help when you feel depressed, anxious, or stressed. You can also meet with a board-certified psychiatrist to get medication management support if talk therapy alone isn't enough.[5]
- With the Anthem plan, video visits using LiveHealth Online are $0.

1 Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.

2 Online tools are offered to Anthem plan members as extra services. They are not part of the contract and can change or stop.

3 LiveHealth Online is offered through an arrangement with Amwell, a separate company, providing telehealth services on behalf of your health plan.

4 Prescription availability is defined by physician judgment.

5 Prescriptions determined to be a "controlled substance" (as defined by the Controlled Substances Act under federal law) cannot be prescribed using LiveHealth Online. Psychiatrists on LiveHealth Online will not offer counseling or talk therapy. Online counseling is not appropriate for all kinds of problems. If you are in crisis or have suicidal thoughts, it's important that you seek help immediately. Call 911 or call or text the 988 Suicide & Crisis Lifeline at 988 and ask for help.

6 Carelon Health, Inc. is a separate company providing care management services on behalf of your health plan. In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Perks and programs

Convenient care services

The House Call program

Receive an annual in-home or virtual health evaluation from a licensed clinician in the comfort of your own home to support the ongoing care you receive from your doctors.

24/7 NurseLine[7]

24/7 NurseLine puts you in touch with a registered nurse anytime of the day or night.

Carelon Health Palliative Care[8]

In the event of a serious illness, Carelon Health Palliative Care is a non-hospice, community-based program that can provide an extra layer of support. A physician-led team of advanced practice providers, nurse practitioners, nurses, and social workers would work with your primary care provider to coordinate care. The Carelon Palliative Care clinical team is available 24/7 through a help line. They provide extra care and attention, as well as education about illness, your plan of care, and medications. These services are provided through a combination of either home-based visits and telehealth support or virtual care and support for you and your caregivers.

What is Medicare?

Medicare is a federal government health insurance program for people 65 or older. You may also be eligible if you:

- Are under age 65 with certain disabilities
- Have end-stage renal disease (ESRD)
- Have amyotrophic lateral sclerosis (ALS), also called Lou Gehrig's disease

More information is available at **www.medicare.gov**, or you can call **1-800-MEDICARE** (**1-800-633-4227**), 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Medicare is available as follows:

Original Medicare

- Part A provides coverage for hospital benefits.
- Part B provides medical benefits.

Medicare Advantage

- Also called Part C.
- Bundles Parts A and B.
- Offers supplemental benefits and a first-class member service experience.
- Can include Part D, the prescription drug plan.

Medicare Advantage is a Medicare-approved plan available only through private insurance companies. The added benefits it offers are listed throughout this guide.

Original Medicare = government program		**Offered by private insurance companies**	
Medicare Part A	**Medicare Part B**	**Medicare Part C**	**Medicare Part D**
Original Medicare + Part C = Medicare Advantage			
Medicare Advantage + Part D = MAPD plan			

Medicare Advantage vs. Original Medicare

Compare coverage

The good thing about Medicare Advantage is that it limits how much you'll spend each year on treatment. Plus, the prices are often fixed, so you'll have a better idea of any costs beforehand.

Medicare Advantage can include prescription drug coverage (Part D) — something Original Medicare doesn't offer.

Medicare Advantage	Original Medicare
Plan pays 100% of covered medical costs for rest of plan year after annual out-of-pocket maximum is met*	No limit to medical costs you will pay annually — no annual out-of-pocket maximum
You will often pay copays (fixed dollar amounts)	You will pay a percentage of cost (20% of the cost for common services like outpatient surgery and doctor visits)
Can include Part D prescription drug coverage	No Part D prescription drug coverage
Emergency and urgent care, including access to emergency care across the U.S. and outside of the country[2]	No emergency care coverage outside of U.S.

1 Not all medical costs are included in or are subject to the annual out-of-pocket maximum. Call our First Impressions Welcome team if you have questions about plan benefits. 1-833-848-8729 (TTY: 711) Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays.

2 Some plans may not include emergency coverage outside of the country, check your benefit chart in your Evidence of Coverage.

Medicare Part D

The prescription drug plan described in this guide is also known as a Medicare Part D plan. All of our covered drugs appear on a drug list called the Part D formulary. This plan also covers drugs beyond those that Medicare Part D covers, which appear on a separate list called Extra Covered Drugs.

If you take a drug that is not covered, you have three options:

- Ask your doctor to switch you to a covered drug
- Request an exception
- Request a temporary supply while discussing other drug options

Covered drugs are divided into levels or tiers. Drugs on the lowest-numbered tier generally cost less, while drugs on the highest-numbered tier generally cost the most. Each tier contains drugs that we cover based on their safety and effectiveness. This chart provides an overview of how the tiers and pricing generally work.

Drug type	Description	Possible tier coverage	Cost
Generic[1, 2]	Same active ingredients and effects as the brand-name drug, but usually costs less	Tier 1	$
Preferred drug	Safe and effective lower cost drug	Tier 2	$$
Non-preferred drug	Generally have more cost-effective alternatives on lower tiers	Tier 3	$$$
Specialty	Cost $1,080 or more for a 30-day supply. May require special handling.	Highest tier	$$$$

The tier level for each drug type may vary depending on the number of tiers on your formulary.

1 High-cost generic medications may also appear on the same tiers as brand-name medications. Please consult the formulary for specific tier details.

2 Some drug lists divide generic drugs into two tiers. Please consult the formulary for specific tier details.

How to qualify and enroll

Enrollments are done electronically through The Aerospace Benefits Service Center. Please contact them at (844) 361-2400 for assistance.

Qualifications for enrolling in Senior Secure (HMO) with Senior Rx Plus:

- You are a United States citizen or national, or an eligible noncitizen.
- You live in the plan's geographic service area. People who are incarcerated aren't considered to be in the geographic service area even if they're physically located in it.
- You are now entitled to Medicare Part A and enrolled in Part B.
- You keep paying your Medicare Part B premiums, unless they are paid by Medicaid or through another third party.
- You qualify for coverage under your or your spouse's group-sponsored health plan.

To enroll, please complete the enrollment election form on the next page. The scissors icon and dotted line show where to cut it out. Don't forget to include your signature and mail to the address listed on the form.

To complete the form, you'll need:

- **Your Medicare number.** Fill out the requested information as it appears on your red, white, and blue Medicare card. If required, also attach a copy of your Medicare card, or your letter from the Social Security Administration, or the Railroad Retirement Board and send it along with your completed enrollment election form.
- **Your permanent address and phone number.**
- **To complete all items on the enrollment election form.** Double check that you've filled out the form entirely and included your signature.

Understanding the Medicare Prescription Payment Plan:

This is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for Part D covered drugs by spreading them across the calendar year (January - December). It does not apply to Part B drugs. It also does not apply to Extra Covered Drugs if your plan includes this benefit. Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.

"Extra Help" from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in this payment option. To learn more about this option, call us at 1-833-246-7717 (TTY users call 711) or visit **www.medicare.gov**.

Prescription Drug Summary of Benefits: 01/01/2027 – 12/31/2027

Stage 1 Annual Deductible Stage

In this stage, you pay a set amount. Once you reach this amount, your plan begins to pay its share of the cost.

Deductible: $0

Stage 2 Initial Coverage Stage

CMS defined drug out-of-pocket limit: $2,400

This is what you pay for covered drugs until you reach your out-of-pocket limit. You will pay this amount or the cost of the drug, whichever is less.

Pharmacy	Standard Network Pharmacy		Mail-Order Pharmacy
	per 30-day supply	per 90-day supply	per 90-day supply
Tier 1: Generics	$10	$30	$20
Tier 2: Preferred Drugs	$20	$60	$40
Tier 3: Non-Preferred Drugs, including Specialty Drugs	$40	$120	$80
Select Generics	$0	$0	$0

Many of our retail pharmacies can dispense more than a 30-day supply of medication. If you purchase more than a 30-day supply at these retail pharmacies you will pay one copay for each full or partial 30-day supply filled. For example, if you order a 90-day supply, you will pay three 30-day supply copays. If you get a 45-day or 50-day supply, you will pay two 30-day copays.

Stage 3 Catastrophic Coverage Stage

Your payment responsibility changes after the amount you have paid for covered drugs reaches the **CMS defined drug out-of-pocket limit** of $2,400.

Retail and Mail-Order Pharmacies	up to a 90-day supply
All Part D Covered Prescription Drugs	$0

- **Important Message About What You Pay for Vaccines:** All Advisory Committee on Immunization Practices (ACIP) recommended Part D vaccines are covered at no cost to you.

- **Important Message About What You Pay for Insulin:** You won't pay more than $35 for a one-month supply of each insulin product covered by your plan, no matter what cost-sharing tier it is on.

- **Vaccines:** Medicare covers some vaccines under Medicare Part B medical coverage and other vaccines under Medicare Part D drug coverage. Vaccines for Flu, including H1N1, and Pneumonia are covered under Medicare Part B medical coverage. Vaccines for Chicken Pox, Shingles, Tetanus, Diphtheria, Meningitis, Rabies, Polio, Yellow Fever and Hepatitis A are covered under Medicare Part D drug coverage. Hepatitis B is covered under Medicare Part D drug coverage unless you fall into a high risk category, then it is covered under Medicare Part B medical coverage. Other common vaccines are also covered under Medicare Part D drug coverage for Medicare-eligible individuals under 65. You can fill your vaccines at a network pharmacy or they can be administered at a physician's office. However, the physician will only submit a claim for a Part B vaccine. If you want to get a Part D vaccine at your physician's office, you will pay for the entire cost of the vaccine and its administration and then ask your drug plan to pay its share of the cost. Please see your Evidence of Coverage for complete details on what you pay for vaccines.

- **Senior Rx Plus:** Your supplemental drug benefit is non-Medicare coverage that reduces the amount you pay. The copay or coinsurance shown in this benefits chart is the amount you pay for covered drugs filled at network pharmacies.

- **Select Generics:** Your plan includes the $0 copay Select Generics benefit. Select Generics are a specific list of drugs that have been on the market long enough to have a proven track record for effectiveness and value. These generic drugs treat common conditions like diabetes, high blood pressure, high cholesterol, and osteoporosis. The Select Generics benefit is designed to help you better manage your chronic conditions and reduce out-of-pocket costs on prescription medications.

Extra Covered Drugs Benefits Chart

These prescription drugs are not covered under Part D, but they are provided under your Senior Rx Plus benefits. There may be instances where state regulations require these drugs to be included in your plan. These drugs do not count towards your **CMS defined drug out-of-pocket limit** of $2,400.

2027 Medicare Star Ratings

Anthem Blue Cross - H0544

For 2027, Anthem Blue Cross - H0544 received the following Star Ratings from Medicare:

Overall Star Rating:	★★★½☆
Health Services Rating:	★★★☆☆
Drug Services Rating:	★★★★☆

Every year, Medicare evaluates plans based on a 5-star rating system.

Why Star Ratings are important

Medicare rates plans on their health and drug services.

This lets you easily compare plans based on quality and performance.

Star Ratings are based on factors that include:

- Feedback from members about the plan's service and care.
- The number of members who left or stayed with the plan.
- The number of complaints Medicare got about the plan.
- Data from doctors and hospitals that work with the plan.

More stars mean a better plan – for example, members may get better care and better, faster customer service.

The number of stars show how well a plan performs.

★★★★★	EXCELLENT
★★★★☆	ABOVE AVERAGE
★★★☆☆	AVERAGE
★★☆☆☆	BELOW AVERAGE

Common health plan terms

Here are terms you'll come across in this guide and what they mean.

Care

Facility – A location for receiving care. Examples: hospital, skilled nursing facility (SNF), or imaging center.

Inpatient care – Medical treatment for someone formally admitted to a facility with a doctor's order. Without a doctor's order, it may be considered outpatient care, even if you stay overnight.

Outpatient care – Medical treatment for someone not admitted to a facility. It may take place in a doctor's office, clinic, or hospital outpatient department.

Preventive care – Services that help you stay healthy and detect health problems early when treatment works best. Examples: exams, shots, lab tests, screenings, and programs for health monitoring, counseling, and education.

Primary care provider (PCP) – A general practice doctor, nurse practitioner, or physician assistant who treats basic medical conditions and is often the first person you'll see for health concerns. PCPs provide checkups, vaccinations, and screenings. They help diagnose conditions and refer you to specialists when needed. You are not required to select a PCP.

Care provider – A doctor, nurse, clinician, hospital, health system, licensed healthcare facility, program, agency, or healthcare professional that delivers healthcare services.

Cost

Annual out-of-pocket maximum (or max OOP) – The maximum amount you pay for medical costs each plan year. After paying the max OOP, you pay nothing for covered services until the next plan year. Copays, coinsurance, and deductibles count toward the max OOP, but not all costs do. Not all medical costs or services are included in or subject to the annual out-of-pocket maximum.

Summary of Benefits – A summarized list of medical care and drugs the plan covers.

Coinsurance – A percentage you may be required to pay for covered services or drugs after paying your deductible.

Copay – A fixed dollar amount you may be required to pay for covered services or drugs after paying your deductible.

Cost share – Also called "cost-sharing amount" or "your share of the costs." It is usually a deductible, copay, or coinsurance. This is the amount you pay for covered services or drugs.

Covered services and drugs – Medical care and drugs your plan pays for under the plan terms.

Deductible – If applicable, the fixed dollar amount you pay for medical care or drugs before the plan begins to pay.

Your rights, protections, and Medicare options

As a Medicare beneficiary, you have many rights and options put in place to protect you as a consumer. You have choices.

As a Medicare beneficiary, you can choose between:

- The Original (Fee-for-Service) Medicare plan.
- A Medicare health plan like the one offered in this guide.

You may have other options

The important thing to remember is that the choice is yours, keeping in mind that you may be able to join or leave a plan only at certain times. Please note that if you do not take your retiree benefits, it may affect other retiree benefits your group sponsor offers. No matter what you decide, you may still be eligible for the Original Medicare program.

Geographic service areas covered by this plan

Our service area includes these counties in California:
Alameda, Contra Costa, Fresno, Kern, Kings, Los Angeles, Madera, Orange, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, San Mateo, Santa Clara, Tulare, Ventura, Yolo.

Your Medicare protection

The plan must offer Medicare benefits to you for a full calendar year at a time, although benefits and cost sharing may change from year to year. The plan provider can decide each year whether to keep offering Medicare Advantage plans, or whether or not to continue offering plans in specific geographic areas like yours.

Also, Medicare may decide to end our contract..

If for some reason this plan is discontinued, we will send you a letter at least 90 days before your coverage ends explaining your options for Medicare coverage in your area.

For more information on the options and rights you have as a Medicare Advantage member with this plan, please contact our First Impressions Welcome team and ask for a copy of the Evidence of Coverage (EOC).

Extra Help from Medicare

You may be able to find help to pay for your prescription drugs and other Medicare costs. If you qualify for Medicare's Extra Help and are enrolled in a Part D plan like this one, Medicare can pay up to 100% of your prescribed drugs. This can help offset your drug plan's monthly premium, plus coinsurance and copays for covered prescription drugs.

Extra Help can also close any drug coverage gaps and stop late enrollment penalties (LEPs). For more information, visit **www.medicare.gov** or **www.ssa.gov**, or call:

- **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**.
- The Social Security Administration at **1-800-772-1213**, Monday to Friday, 7 a.m. to 7 p.m. ET. TTY users should call **1-800-325-0778**.

Required information for this plan year

Information about Medicare

To help you make more informed healthcare decisions, we are providing this important information about Medicare to use as a resource. If you have any questions, please contact our First Impressions Welcome team.

Pay your Medicare Part B premiums

Once you enroll in this plan, you must continue to pay your Medicare Part B premiums. If you don't, Medicare will terminate your coverage and then you may have to pay a late enrollment penalty if you decide to reenroll.

Enrolling in other plans

If you decide to enroll in other plans, you may be disenrolled from your current plan.

Notifying your group sponsor

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Social Security information.

Matching Medicare Advantage (medical) coverage and Part D (prescription drug) coverage for members in group plans

If you are enrolled in a group Medicare Advantage plan, your Part D coverage must also be a group Part D plan. This is important because enrolling in a non-group Part D plan could result in termination of your enrollment in your group Medicare Advantage plan.

What to know about a drug list

A drug list is a list of drugs covered by the plan. We choose our list to provide good prescription coverage and a good value to you, as well.

When new drugs come to market, we conduct a clinical and cost review and may add them to the drug list. To keep plans affordable, every year we may also remove drugs or change the cost you pay for them the following year. But don't worry, we'll notify you first and send you a new drug list when we make these changes.

Important: Check to see if your drug is on the drug list before you go to the pharmacy.

If the drug you take is not on our drug list, you will have to pay the full price of the drug. If that's the case, or if your drug comes with additional requirements or limits, you may be able to receive a temporary supply. We will notify you once the temporary supply is dispensed. You will have to contact your doctor and ask if you can switch to a different drug listed on our drug list.

About IRMAA and your income level

If your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit, you must pay an income-related monthly adjustment amount (IRMAA) in addition to your monthly plan premium.

The Social Security Administration will contact you if you have to pay an IRMAA, which you must pay to them, not us.

High-income surcharges

If you must pay a high-income surcharge on your Medicare Part B or Part D premium to the Social Security Administration, please be sure to do so to avoid a mandatory disenrollment.

This information is not a complete description of benefits. Contact the plan for more information. Every year, Medicare evaluates plans based on a five-star rating system.

This guide is intended to be a brief outline of coverage and is not intended to be a legal contract. The entire provisions of benefits and exclusions are contained in the Benefits Chart and Evidence of Coverage (EOC), which is available upon enrollment. In the event of a conflict between the Benefits Chart and EOC and this guide, the terms of the Benefits Chart and EOC documents will prevail.

Coordination of Benefits (COB) letter

If we receive Coordination of Benefits (COB) information from CMS, we are required to send a letter to you requesting verification of the other coverage information. The benefit verification letter we send will include information from CMS, including any other coverage that needs to be verified.

Separately, we could receive COB information from other reporting sources in addition to CMS.
If the information is not correct in the letter, you can call Member Services at the number listed on your ID card or you can fill in the correct information on the letter and return it to the plan for processing.

If a response is not received within 21 days, the information on the letter is considered to be accurate.

If the previous carrier does not notify CMS of the previous plan termination prior to the plan enrollment process, a COB letter could be triggered for the plan that was just terminated.
